

Committee Descriptions 2009-2010

We hope you value your NAWBO membership for effective business development, networking and the ongoing potential for professional promotion makes a wise investment of your time. As we are busy making our plans for NAWBO South Jersey's upcoming year, we would love to include you in a committee to help support the growth of both your business and the chapter. Here are some considerations about each committee;

- Each committee has a Director (current or past Board member)
- Each committee convenes at least once a month for planning (whether in person or on phone)
- We welcome committee members to volunteer as much time as they wish, beyond monthly meetings, in order to accomplish the goals of the team

We invite you to join one of the committees listed below and give your energy to our growing chapter!

Please check off which committees are of interest to you and simply email the form back to us at nawbosj@comcast.net.

Thanks !

		Sign Me Up!
